SCHOOL AGE CHILD CARE
INCLEMENT WEATHER POLICY

The SACC Program operates in conjunction with your school district's calendar and the Emergency School Closing Procedures. Outlined below is the Inclement Weather Policy for the School Age Child Care Program:

SACC **will not operate** under the following scenarios:

- School is closed for the day due to inclement weather.
- Delayed school opening, SACC AM will not operate but SACC PM will.
- Early dismissal due to inclement weather, SACC PM **will not** operate. Your school district's Automated Calling System will be activated. Unless you make other arrangements directly with your child's school, your child will be sent home on their bus.
- **School is dismissed at regular time and after school activities are cancelled, your child will be sent home unless you contact the school directly.** Again, your school district's Automated Calling System will be activated. It is requested that parents not telephone the SACC Office when weather is bad. Too many calls tie up vital phone lines, making it much more difficult to keep everything running smoothly**.**

To obtain Emergency School Closing Procedures, Delayed Openings and Early Dismissal information, view the Smithtown Central School District's Website: www.smithtown.k12.ny.us or the Kings Park School District's Website: www.kpcsd.k12.ny.us.

The following radio and television stations also broadcast this information: **WALK** (1370 AM, 97.5 FM), **WBLI** (106.1 FM), **NEWS 12** – Channel 12, and **FIOS 1**.
